Frontend Developer @ Bengkel Koding | Informatics Engineering Student at Universitas Dian Nuswantoro | Next.js Developer | Figma UI/UX Designer | Software Division Member HMTI

Semarang, Central Java, Indonesia

Summary

As a sixth-semester Informatics Engineering student at Universitas Dian Nuswantoro, I am passionate about creating modern and user-centered digital experiences. Currently, I work as a Frontend Developer at Bengkel Koding and actively contribute to the Software Division of HMTI, where I continue to develop my skills in Next.js, React.js, Tailwind CSS, JavaScript, and Figma. Alongside technical expertise, I value teamwork, effective communication, public speaking, and continuous self-improvement. My goal is to grow into a professional Frontend Developer who can contribute to innovative products and create meaningful impact through technology.
